

OpenStage XML Applications Weather Reporter User Interface

Issue 1.0 26/11/2007

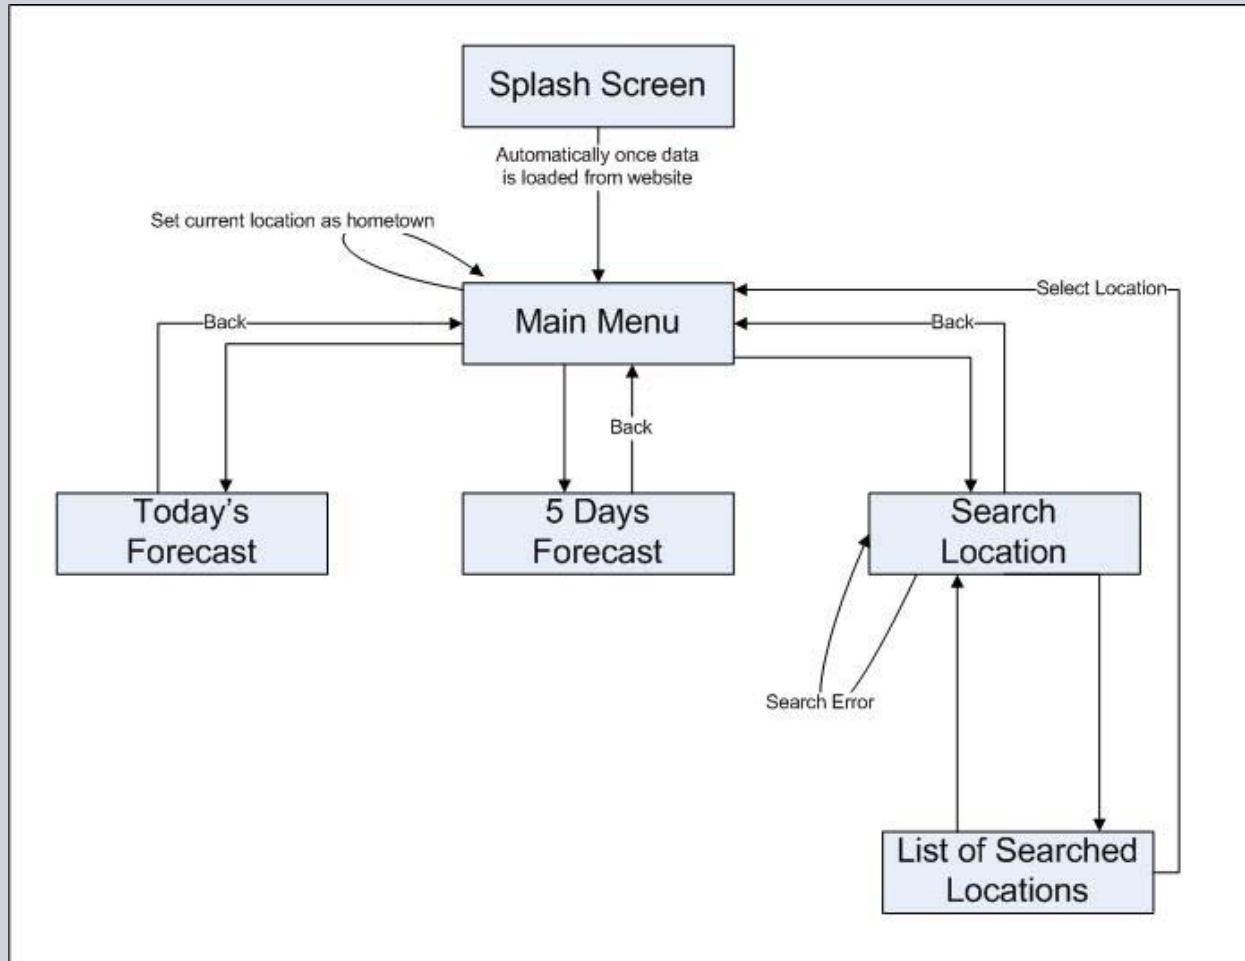

Introduction

This document outlines the Weather Reporter user interface designs for the OpenStage 60/80 model telephones.

It also demonstrates the basic navigation of the application.

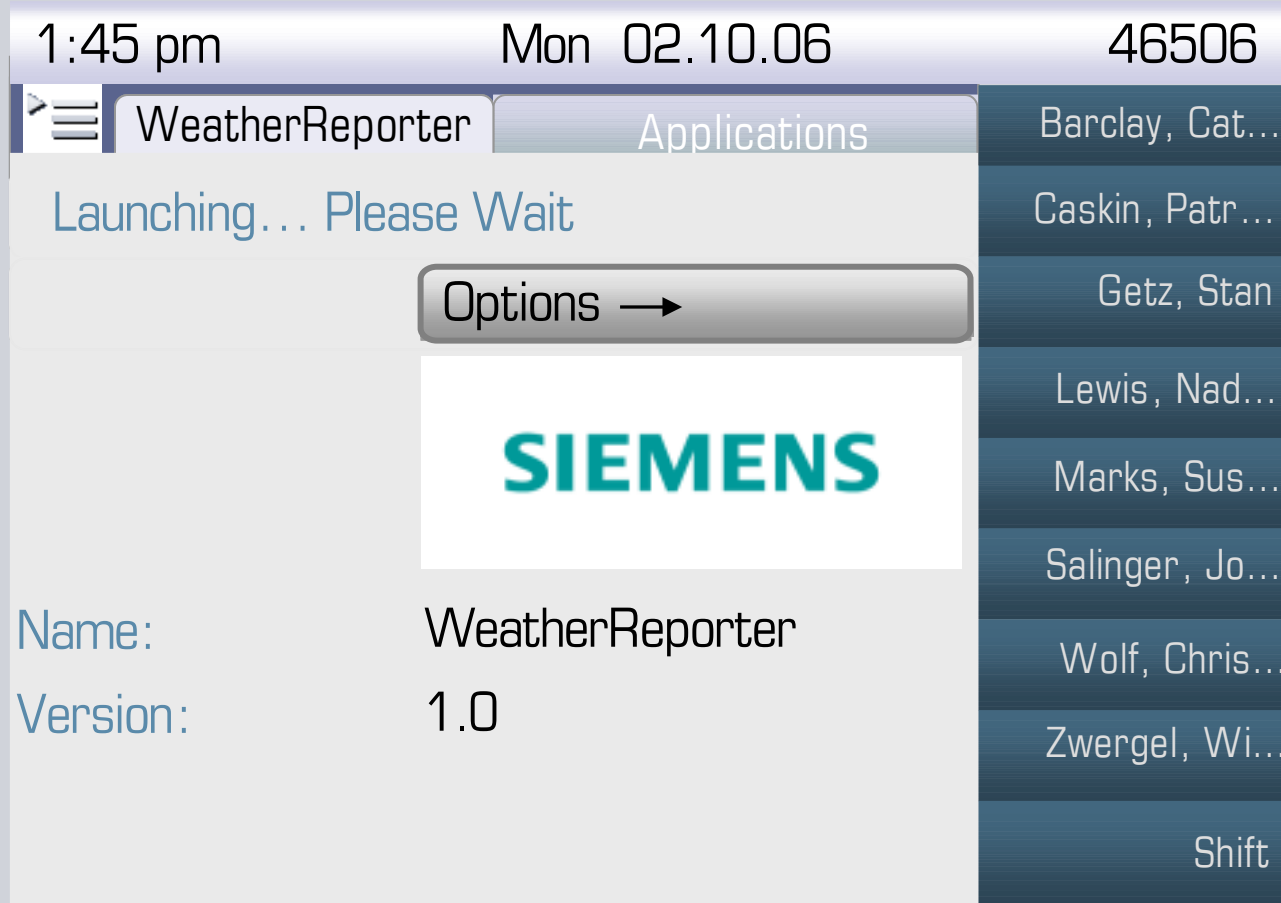

Clicking on a command will (in most cases) take you to the correct page.

Screen Map

Note: All screens below “Main Menu” return to the Main Menu, not all of these paths are shown.

Launching (Splash) Screen

Note: This screen will disappear after 3 seconds and display the Main Menu

Search Results

The screenshot shows a mobile application interface with a status bar at the top displaying '1:45 pm', 'Mon 02.10.06', and '46506'. Below the status bar is a navigation bar with a menu icon, the text 'WeatherReporter', and 'Applications'. The main content area is titled 'Search Results' and contains a list of search results: 'Notting Hill, London' and 'Nottingham, Nottinghamshire'. A 'List Options' button with a right-pointing arrow is highlighted with a black border. To the right of the search results is a vertical list of names: 'Barclay, Cath...', 'Caskin, Patr...', 'Getz, Stan', 'Lewis, Nad...', 'Marks, Sus...', 'Salinger, Jo...', 'Wolf, Chris...', and 'Zwergel, Wi...'. At the bottom of this list is a 'Shift' button. On the far right, there is a vertical sidebar with a 'Search New' button at the top and the text 'Main' below it.
